The next generation of Nova Scotians has a chance at a healthier life.

Promoting Wellbeing

Vision: Healthy Nova Scotians

Our Approach

Multisectoral:

- Engagement and solutions will cross all government departments and our partners, including municipalities and community organizations.
- Solution 6 is accountable to all Deputy Ministers.

Multifaceted:

- The complexity of the issue requires a diverse and comprehensive set of solutions to achieve the desired result:
 - Community-based initiatives;
 - Government services and supports;
 - Policy change;
 - Academic partnerships.

Equitable:

 Solutions will take into account that significant inequities exist in the health outcomes of Nova Scotians and contribute to narrowing the gap.
