

# National Collaborating Centre for Healthy Public Policy (NCCHPP)

## About

The NCCHPP is a pillar of expertise and knowledge sharing in the area of healthy public policy. We are one of six National Collaborating Centres financed by the Public Health Agency of Canada. The NCCHPP is hosted in Montréal by the Institut national de santé publique du Québec.

Our mandate is to support public health actors across Canada in their efforts to develop and promote healthy public policies. We fulfill this mandate by developing, synthesizing and sharing knowledge, by targeting research gaps and by fostering the development of networks connecting public health professionals, researchers and decision makers across Canada.

## Our projects

- Analyzing Public Policies
- Climate Change
- Health Impact Assessment
- Health in All Policies
- Health Inequalities
- Knowledge Sharing
- Population Mental Health and Wellness
- Public Health Ethics
- Public Health Infrastructure
- Wellbeing Policies

## What can the NCCHPP offer you?

- Rigorously developed **publications** based on the best available evidence;
- Online and in person **training** opportunities;
- **Tools** to enhance your public health practice,
- Scientific **expertise** and guidance;
- **Networking** opportunities with other public health actors.

All available in English and in French.
